YOGA THERAPY

Yoga therapy is the holistic approach to physical and mental well-being that treats acute or chronic ailments, injuries or misalignments by bringing the whole body into symmetry and balance through yoga:

- Postures
- Breath-work
- Meditation

Yoga techniques are adapted to meet the needs and capabilities of the student in personalized one-on-one programs that are designed specifically for each situation and should be practiced at home after the class.

Yoga therapy is distinct from other forms of conventional therapy in that it works to alleviate localized symptoms as well as addressing the causal and peripheral imbalances that would otherwise allow the problems to re-occur.

Yoga therapy recognizes that the body and mind are interconnected through the agency of the breath and that there is a direct connection between mental and physical states and the condition of the breath. Long slow, steady yoga breathing activates the parasympathetic nervous system, which creates a feeling of peace and calm and allows the body to heal quicker.

A Knoff Yoga Therapist treats you with care and consideration and only start working with you after reading your health questionnaire and listening to everything you have to say.

The goal of yoga therapy is for the student to take control of his or her health, not only to cure a short-term discomfort, but also to stay healthy in the long-run.

THE COURSE

The Yoga Therapy B teacher training course is based on Yoga Therapy A and continues to deepen your knowledge and training.

Now we work with more complicated health issues, as well as structural misalignments and organic problems, e.g. Anxiety, arthritis, asthma, blood pressure, chronic fatigue syndrome, constipation, depression, general fatigue, glandular problems, headaches, heart problems, muscle stiffness, post-traumatic stress, respiratory discomfort, etc.

As we rely on public volunteers and their particular health problems, it will depend on who attends as to what exactly is covered in these Yoga Therapy Courses. We make every effort to ensure observe a range of different health issues.

It is a testament to our uniqueness that no two Yoga Therapy Courses (A or B) will be exactly the same, as our volunteers will be different each time. You can continue to attend these Courses and keep on learning more.

There will be Yoga Therapy classes with volunteer students from the public, so you get to experience working with real people. Learn how to put the theory into practice safely and confidently.

In the morning Asana, Pranayama and Meditations sessions, Teacher Trainees will practice actual Yoga Therapy programs in order to feel and understand their application.

In the afternoon Teaching Methodology sessions Teacher Trainees assist, provide props, and take photos and notes, while Nicky teaches. You will get feed-back direct from the volunteer students on how they feel after doing the specially designed programs.

The Anatomy & Physiology will cover some of the more typical health problems as listed above, and look at how yoga techniques can bring about an improvement. The Philosophy will look at the ‘bigger picture’ of how we are more than just a body, and how healing occurs on many different levels.

You will receive a **Teacher Training Handbook** and **Level 6 - Yoga Therapy Manual**.

TESTIMONIALS

"I have been practicing and teaching Yoga myself for many years and was seeking to attend a 200 hour training to commit deeper to my practice. I traveled half way around the world (Dresden, Germany) to study Knoff Yoga because the moment I met Nicky many months before, it was obvious to me that she is a person who has dedicated her life very wisely and effectively to the teachings. Nicky is a true Master in the art of Yoga. She is honest, precise and has many great stories to share from over 40 years' experience on the Yoga mat. Her knowledge of the body and asanas along with her keen eye provided our group with incredible adjustments that ensured each and every one of us understood - at the cellular level - how wonderful and trans-formative a solid Yoga practice can be. I am ever grateful for how generously Nicky passed on her wisdom and would recommend Knoff Yoga to anyone. Thank you!" **Amber Spear, Yoga teacher & student, Perth, AUSTRALIA**

THE KNOFF YOGA TEACHING & PRACTICE METHODOLOGY

The **Knoff Yoga System** teacher training will give you the opportunity to share the life-enhancing benefits of yoga with others and to join a rapidly growing profession that has the potential to change your life and those around you.

As part of the **Knoff Yoga System** you will learn how to teach **5 Essential Components** in every class in order to give your students a comprehensive lesson:

- **Meditation** – non-religious mind centering techniques
- **Pranayama** – breathing exercises for mental clarity and physical vitality
- **Asana** – anatomically aligned, structurally balanced yoga poses to enhance functionality of the body
- **Relaxation** – how to effectively relax the nervous system and reduce stress
- **Philosophy** – positive, uplifting and life affirming

You will be taught how to incorporate these 5 components to create a well-structured and balanced class to leave your students feeling great and wanting more.

The **Knoff Yoga System** uses an **11 Asana Group Sequence** in all 9 levels:

- Earth & Sun Salutations
- Inverted Poses (heating)
- Standing Poses
- Arm Balancings
- Forward Bends
- Sitting Poses
- Abdominals

- Twists
- Backbends
- Inverted Poses (cooling)
- Relaxation

This sequencing is based on the Knoff Yoga **Principles of Sequencing** and, together with the other essential components, has been designed to energize the body, elevate the mind and evolve the spirit.

You will also learn our **5 Week Rotational Sequence** for teaching yoga postures. Each week there is a specific theme in which you slow down the class and emphasize specific asana groups to enhance learning. The rest of the class is taught at a normal pace. We have found that students really appreciate this varied method of learning.

You will study and learn the unique **24 Principles of Practice**, which form the basis for all practice and teaching in the Knoff Yoga style.

In Knoff Yoga we teach **5 Bandhas**, or muscular and energetic locks, which transform internal energies creating heat and lightness in the body, while simultaneously providing internal support:

- Mula Bandha – Root Lock
- Uddiyana Bandha (minor) – Abdominal Lock
- Jalandhara Bandha – Chin Lock
- Hasta Bandha – Hand Lock
- Pada Bandha – Foot Lock

The **Knoff Yoga System** has pioneered the application of **Right and Left Days/Weeks** in asana practice and teaching to ensure symmetry of body, breath and mind. We are the only yoga school in the world to apply these methods.
